If SRHR please tick one or more of these sub-categories

3. (untitled)

20. Result statement (50-100 words)

A short statement outlining the result including key facts such as who, what, where, when, how

Oshikuku Town Council have establish the groups to fight against climate change that include women and youth group, this group include disaster risk management committee, CDC committee that responsible of distributing drought food to affected community members, keep the town clean committee responsible of supervising send assessing the cleaning contractor, the community members around oshikuku are the one involve in those committee that was established early this year.

21. Context (200 words)

A description of the problem, what is the ultimate goal; why was the particular strategy chosen; how will it address the problem

The predicted increases in temperature and evaporation as well as increased variability of rainfall will exacerbate the existing challenges that Namibia is facing as the driest country south of the Sahara.the Council is concerns with the change in climate because it will affect the town in term of food productions, wind and rainfall. water and food production is one of the major objective that the Council have to take care off this is done to prevent death , and disease that can be acquired when the basic need are not provided. Council then establish different committee and educate community members on how to act during drought especially to create their own gardens for food.

22. Key actions (300 words)

Describe the approach and activities that are implemented to achieve the desired results.

Council have implemented the below points to prepare its community member against climate change
Mainstreaming climate change into policy and legal framework and development planning
Sustainable development and ensuring environmental sustainability
Country-driven and specific climate change interventions
Awareness generation, education, training and capacity building
Transparent planning and decision making

23. Partners (200 words)

Who made this happen – government, local government, civil society, faith based organisations. Who were the Southern African Gender Protocol Alliance Partners? What was their specific role?

the local government have allocated some few budget for climate change results, we also recieved some assistance for NGOs e.g ammicall have sponsor the chicken project to the oshikuku community purpose of food production. Gender link conducted entrepreneur training equips survivals with the additional knowledge, attributes and capabilities required to apply these abilities in the context of setting up a new venture or business.

24. Strategies (200 words)

What were the strategies employed, e.g. political pressure, coalition building, lobbying, media, new media

political pressure groups was used to influence government policy-making, legislation, and public opinion for the Council to lobby finances to help them out and sustain the projects. council have agree to work together temporarily in a partnership to finance them in order to achieve a common goal

25. How many US\$ have been allocated per area.

Must be a whole number with NO spaces or commas(,) or full-stops (.). E.g. 5000. If nothing was allocated please put in zero "0".

Gender specific allocation : 1049

Gender in mainstream projects (please specify below) : 0

Amount contributed in cash or in kind by partner organisations (please specify below) : 0

Total : 1049

26. Please explain who the donor/partner was and what they contributed in relation to the in kind contributions you mentioned above.

the Council didn't get any sponsorship from any donor

27. Please explain the gender in mainstream projects budget allocations

to promote accountability and transparency in fiscal planning;

to increase gender responsive participation in the budget process, for example by undertaking steps to involve women and men equally in budget preparation;

to advance gender equality and women's rights.

28. Beneficiaries (in numbers).

Must be a whole number with NO spaces or commas(,) or full-stops (.). E.g. 5000. If no beneficiaries in one of the areas please enter a zero "0".

	Female	Male	Total
Direct beneficiaries	25	3	27
Indirect beneficiaries (e.g. through other networks)	1500	2000	3500
Online beneficiaries (e.g. website access, mailing lists, scholarly articles)			
Total	1525	2003	3527

29. Challenges (300 words)

What have been the main challenges? How have these been overcome?

Women have to convince men that they are capable of leading;

They have to work extra hard as compared to male counterparts, in order for them to be recognised;

They are scrutinized for what they wear; even by their female counterparts

Male managers find it difficult to submit to the authority of women;
They do not get support from other female colleagues who would also prefer to work with males;
They are made to feel that their contribution is not important;
Get threatened so that they become scared and leave their positions;
Fall into bad habits because of the situation and become victims of harassment.

30. Immediate results and next steps (300 words)

What has been achieved now? How will this be sustained? What still needs to be done?

the Council have only archive one garden project
food gardens is to encourage and provide a means for sustainable food security for the communities we serve.
chicken farming
Poultry farming is the process of raising domesticated birds such as chickens, ducks, turkeys and geese for the purpose of farming meat or eggs for food.Poultry farming is a Tool in Poverty Eradication and Promotion of Gender,
one disaster risk management committee
Disaster Prevention, Mitigation and Preparedness Budget. Ministry, agency and disaster management committee, shall ensure budgeting and mainstreaming of their disaster management and contingency plan activities in their annual plans and programs.
what is need to be done is financial support in order to implement the good policy and regulations , plans for the Council to archive is main goal , more community committees to be established to represent all matters occurring in the council for example waste management , occupational health and safety, drought relief and agricultural farming projects.

31. Long-term impact (200 words)
